Sudden Infant Death: The crucial role of providers in reducing risks

May 2, 2007

Truman Hotel
1510 Jefferson
Jefferson City, MO

Sponsored by
Missouri Department of
Health and Senior Services
and SIDS Resources, Inc.

Sudden Infant Death: The crucial role of providers in reducing risks

- Role of providers in reducing risk of Sudden Infant Death
- American Academy of Pediatrics Safe Sleep Recommendations
- Safe Sleep environment

Goal:

To educate providers on their specific roles in reducing the risk of sudden infant death

Objectives:

Home visiting programs, healthcare providers, Federally Qualified Health Center staff, Parents as Teachers educators, local health departments, daycare providers, coroners and medical examiners, and first responders will:

- Recognize their individual roles in reducing the risks of sudden infant death and put the information into practice.
- Demonstrate current knowledge regarding infant sleep practice as they relate to the 2005 American Academy of Pediatrics recommendations.
